
Bulagarian translate

Posted by yuks - 2007/03/16 15:30

I want to introduce this tool to my Bulgarian community .

This requires :

- 1) to be translated , i mean the tool
- 2) a localized version of Joomla be there rather than the standard version

Hi there! If you build up the custom Joomla package you would like to share, please email it at admin@joomlaplug.com and i will make an installer from it and publish it on JoomlaDesktop page!

Hi there! Here is the JoomlaDesktop installer <http://joomlancode.org/gf/project/joomladesktop/frs/> and direct download link here <http://joomlancode.org/gf/download/frsrelease/392/1483/Joomla.1.0.12-Stable-Bulgarian.exe>

Let me know if it's all ok! Regards, Ovidiu
